KSB FOR MEDICAL EDUCATION

Domains of learning

Knowledge

Skills

Behavior

The father of modernization of medical education in Iraq

For the past 13 years, Professors Nigel and Deborah Bax have been playing an instrumental role in helping Iraqi medical colleges and organisations develop medical curricula and training programmes.

VISION

Sustainable leadership in advancing health and medical education through innovation, quality, collaboration, professionalism and societal responsibility

الرؤية:

ريادة مستدامة في تطوير قطاعي الصحة والتعليم الطبي من خلال الابتكار والجودة والشراكة والمهنية والمسؤولية المجتمعية.

Mission

- **Contributing to the advancement of the health and education sectors and improving the quality of services provided to beneficiaries.**
- **Striving to make the Qimam foundation a sustainable source for best practices in managing health and educational services in Iraq, with a commitment to professionalism, quality, and societal responsibility.**
- **Collaborating with professional and educational institutes to achieve the best outcomes.**
